At Patanjali Nursery School, childhood is celebrated as a journey of discovery, laughter, and boundless potential. Every corner of our preschool is alive with stories.

Stories of curiosity, creativity, and the joy of learning through play.

We believe that every child is born with a unique spark. Our role is to nurture that spark, guiding them to explore, question, and embrace the world around them. As an alumna of my school, returning to Maharshi Patanjali Vidya Mandir as a parent has been a deeply rewarding experience. Choosing a school for my daughters was a significant decision, but seeing the evolution of my alma mater made it an easy one. The school has masterfully balanced its rich traditions with a forward-thinking approach to modern education. It is a unique joy to see my children benefit from the same core values and academic rigor that provided me with my own foundation for success. I am proud to support the school today as both a graduate and a mother, ensuring that the next generation of leaders is just as well prepared as we were.

As an alumni parent, writing this feels very special. As a former student, I remember the strong sense of discipline, encouragement, and community, and now, as a parent, I see those qualities reflected in my child's experience at PNS. The teachers are dedicated, approachable, and genuinely invested in students' academic progress and personal development. Being both an alumna and a parent gives me confidence in recommending PNS as the best school in Prayagraj. It remains a place that shapes confident, respectful, and capable individuals, just as it did years ago, and I am proud to see my child continuing that legacy.
